What we're doing:

Screen employees daily for COVID-19 symptoms before starting their shift. Employees experiencing symptoms are sent home and will be quarantined for at least 10 days.

Restaurants will have reduced seating and strict social distancing measures.

Remove or reconfigure tables to maintain at least 6 feet apart from one another.

Allow employees to work from home if appropriate.

Install plexiglass barriers between guests and employees where possible, such as at front desks, restaurants and shops.

Require all employees to wear a face mask at all times while on the property, regardless of position, and gloves where appropriate.

Screen employees daily for COVID-19 symptoms before starting their shift. Employees experiencing symptoms will be sent home and must be quarantined for at least 10 days.

Implement physical distancing measures in waiting lines and other areas of the resort.

Sanitizing stations throughout the resort.
